

The image shows an energy label for a MORA R050 refrigerator. At the top left is the European Union flag. To its right, the word "ENERG" is written in large white letters on a blue background, with "енергия · ενεργεια" below it. Further right are four circular icons: "Y IJA" and "IE IA". Below this, the brand name "MORA" is on the left and the model "R050" is on the right. A tap icon with the letter "M" is positioned below the brand name. The central part of the label features a scale of energy efficiency classes from A to G, represented by horizontal bars of varying lengths and colors. Class A is green, B is light green, C is yellow-green, D is yellow, E is orange, F is dark orange, and G is red. A black arrow points to class D. Below the scale, there are two boxes: one on the left with a speaker icon and "15 dB", and one on the right with "1522 kWh/annum". At the bottom left is the year "2015", at the bottom center is "812/2013", and at the bottom right is the vertical number "762140".
